OBJECTIVE

Aspiring Software Developer seeking an internship to utilize and expand my skills in web development and backend systems. Proficient in technologies such as React, Python, and MongoDB, with a passion for building efficient and scalable software solutions. Eager to contribute to innovative projects and enhance my technical expertise in a dynamic work environment. Excited to bring innovative ideas and a commitment to excellence to an internship role.

AREA OF EXPERTISE

Problem-Solving	**Teamwork & Collaboration**	**Adaptability**
Leadership	**Quick Learning**	**Communication**

KEY ACHIEVEMENTS

- **Smart India Hackathon 2024 Grand Finalist For the Organization Ministry Of Communication.**
- **Secured 2nd Prize in an inter-college hackathon, showcasing strong problem-solving and teamwork abilities.**
- **Completed a Sentiment Analysis Project in Machine Learning, highlighting data analysis and ML skills.**
- **I'm being the Vice President for Programmers Club in Our College.**
- **Completed three advanced workshops focused on VR, AR, and Cybersecurity, which informed the creation of new content that drove a 25% increase in user engagement across digital platforms.**
- **Won 1st place in College Level Technical Symposium ,Sai Ram College Of Engineering for Indoor Navigation project.**
- **Won 2nd Place in Inter - College 24 Hours hackathon.**
- **Selected as a finalist among 500 teams in the ITNT Startup Idea Competition, ranking in the top 10 for innovative business concepts .**
- **Successfully completed certification from the Cyber Security and Ethical Hacking workshop, a collaborative initiative by NCIIPC and AICTE, equipping myself with advanced knowledge in digital threat landscapes and ethical hacking strategies to champion cyber resilience and contribute to a secure digital future.**
- **Won second place at the Science Expo competition in our esteemed institution Sri Venkateswaraa College of Technology.**

CERTIFICATIONS

- **Data Structures and Algorithms** certification, enhancing problem-solving skills.
- **MongoDB Atlas Certification**, focusing on cloud database management.
- **Cyber Threat Intelligence by IBM**, gaining insights into threat analysis and mitigation.
- **Infosys Spring Board, React Native ,** gaining insights into React Application Development
- **IAM and Cyber Security Analyst Job Simulation (TCS)**, learning identity management and security protocols.
- **Google IT Support Fundamentals**, acquiring essential IT support skills.
- **AWS Cloud Practitioner Essentials -** Demonstrating Foundational knowledge of cloud computing, architecture and operations, also the security and compliance in cloud

PROFESSIONAL EXPERIENCE

Documentation Assistant (Newport Shipping and Logistics)   May 2022 - Oct 2022

- Assisted in preparing export and import documentation, including invoices, bills of lading, and certificates of origin.

Certified Ethical Hacker From Internshala   Aug 2023 - Sep 2023

- **Penetration Testing & Vulnerability Assessment:** Conducted comprehensive security assessments to identify and remediate vulnerabilities, enhancing overall cybersecurity posture.
- **Proficiency in Ethical Hacking Tools:** Gained hands-on experience with a variety of cutting-edge tools for ethical hacking and cybersecurity practices

Freelance Graphic Designer   Jan 2024 - Dec 2024

- **Built strong relationships with clients through effective project management and delivery, leading to repeat business and referrals.**
- **Developed a keen eye for detail and aesthetics, ensuring high-quality deliverables that meet client expectations.**

EDUCATION

Sri Venkateswaraa College of Technology   2022 -2026

Computer Science and Engineering With Specialization in Cyber Security   **Chennai, India**
- GPA: 8.66/10.00

Vijayanta Modal Higher Secondary School   2020-2022

Secondary Education   **Chennai, India**
- Mark: 480/600

SKILL

- **Identity and Access Management (IAM)**
- **Cyber Threat Intelligence**
- **Data Structures & Algorithm Analysis**
- **Database Systems: SQL, MongoDB**
- **Programming Languages: Python, C, Java**
- **Web Technologies: React, HTML, CSS, JavaScript**
- **Data Science & Machine Learning: k-Nearest Neighbors (k-NN) , Regression Analysis , Convolutional Neural Networks (CNN) , Recurrent Neural Networks (RNN) , Image Processing**
- **Graphic Design: Proficient in Canva, Adobe Photoshop**
- **Prompt Engineering**

ADDITIONAL INFORMATION

Languages : English , Tamil

Volunteer Experience :
- **Volunteered the Yuva Olympics to promote youth engagement in sports.**
- **Supported the Walkalong 2.0 initiative for persons with disabilities.**
- **Served as an Volunteered for the Young Indian Parliament.**
- **Orgnaized Industrial Visit in Our College.**
- **Participated in community service projects with the Rotary Club of Madras North.**
